

Community Partners

The EmbraceRDU 'Orphan Care' Ministry wants to equip you to follow God's call to adopt or foster. We think this is a direct representation of the Gospel. We also know that in order to meet this need, we must partner with those in our area who have the skills and resources to complete the adoption and foster care process. The agencies listed below have either partnered with other Summit families in their adoption or foster care process or have pursued and developed a relationship with Summit staff. This list is a great tool to help with research, but we also know there are many other agencies in the Triangle that may be a good fit for your family- and maybe even other families here at the Summit. So use this list to help you in your research and please feel free to contact EmbraceRDU 'Orphan Care' staff or your campus champion with further questions.

Adoption and Foster Care
